Notes:

This is an 18-game tournament. We need to keep games moving at a good pace. Games should be completed in 15-17 minutes. It's understood that a game here and there might take a couple minutes longer because of bad hands, but in general games should not drag out because of slow play and slow counting.

In order to keep things easy on me, you are either in all the side pots or out.

Payouts are rounded down to the whole dollar

- Any unclaimed pots will be subject to a random drawing to determine the winner.
- Multiple claims on side pots will be divided equally, or rounded down to the whole dollar.

-

**YOU MUST BE IN GOOD STANDING WITH THE

For any discrepancies during play, PLEASE call for a judge to come over for a ruling.
